DETAILED ACTION

1. **Please Note:** In an effort to enhance communication with our customers and reduce processing time, Group 1640 is running a Fax Response Pilot for Written Restriction Requirements. A dedicated Fax machine is in place to receive your responses. The Fax number is 703-305-3704. A Fax cover sheet is attached to this Office Action for your convenience. We encourage your participation in this Pilot program. If you have any questions or suggestions please contact Paula Hutzell, Ph.D., Supervisory Patent Examiner at Paula.Hutzell@uspto.gov or 703-308-4310. Thank you in advance for allowing us to enhance our customer service. Please limit the use of this dedicated Fax number to responses to Written Restrictions.

2. Restriction to one of the following inventions is required under 35 U.S.C. § 121:

I. Claims 1-4, drawn to a method for inhibiting a T-cell response with mesenchymal stem cells modified to present an antigen, classified in Class 424, subclasses 93.7 and 93.71.

II. Claims 5-9, drawn to a method for inhibiting a T-cell response with mesenchymal stem cells modified to block costimulation of T-cells, classified in Class 424, subclasses 93.7 and 93.71.

III. Claims 10-16, drawn to a method for inhibiting a T-cell response with mesenchymal stem cells modified to present antigen and block costimulation of T-cells, classified in Class 424, subclasses 93.7 and 93.71.

The inventions are distinct, each from the other because:

3. Groups I, II and III are different methods. These inventions require different reagents, acting through different mechanisms, and have different endpoints. Therefore they are patentably distinct.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. A telephone call was made to Alan Grant on 3/13/00 to request an oral election to the above restriction requirement, but did not result in an election being made.
